

Haikus with a Crown

**Full bloom – spring is here.
Thousands of viruses at
Apocalypse now:**

**People distancing
Thousands of viruses fill
The empty spaces.**

**How brave we are with
Thousands of viruses we
Let Syria die.**

**Old men take care of
Thousands of viruses in
Stead of the climate.**

**Some of us will die
Thousands of viruses will
Endure – carelessly.**

**Time of the scientists
Thousands of viruses we
Fight with commitment.**

**Lovely sunny spring
Thousands of viruses in
Lovely sunny spring**

**Fight with commitment
Thousands of viruses we
Time of the scientists**

**Endure – carelessly
Thousands of viruses will
Some of us will die**

**Instead of the cli
Mate Thousands of viruses
Take care of old men.**

**Let Syria die
Thousands of viruses we
How brave we are with**

**The empty spaces
Thousands of viruses fill
People distancing**

**Apocalypse now:
Thousands of viruses at
Full bloom – spring is here.**
